

MB

Vases d'expansion à membrane fixe
Utilisés dans les installations de chauffage en circuit fermé
Membrane résistant aux principaux additifs
Peinture rouge ultra résistante
Cache protecteur de la valve d'air
Certification UE
Gamme adaptée aux principaux additifs

The MB series is a fixed membrane tank performed for central heating systems.
Externally this tank is coated with a very resistant red powder. Internally the membrane is clipped or welded and made by a synthetic elastic rubber SBR. This vessel is NON POTABLE, only for heating issue. 100% tested in our plant.
